Activity analysis : application to occupation (Book, 2005 ...

Activity and occupation are two core concepts of occupational therapy that are in need of differentiation. Occupation is defined here as a person's personally constructed, one-time experience within a unique context. Activity is defined as a more general, culturally shared idea about a category of action. The ways in which subjectivity and context are handled within the concepts of occupation ...

Untangling Occupation and Activity | American Journal of ...

Participation in occupations is central to a person's health, sense of well-being and life satisfaction. Occupation-based practice (OBP) reflects the foundational values of the occupational therapy profession and the academic discipline of occupational science, and is congruent with AOTA's Occupational Therapy Practice Framework (AOTA, 2008).
