Sometimes submission comes at the end of a leash.... Blythe Wainwright thought she had her life together. At twenty-eight, as an anthropologist studying other planets in the galaxy, she had become comfortable with the predictability of her life. However, that steady calm

ended the day their ship crashed onto the shores of the coastal town of Endermere, on the Planet Pra'kir. Suddenly, her fate, and that of her four other shipmates, was in the hands--and at the mercy--of the Pra'kirians. With no wife or children, Dr. Xan Breckett had been married to his career, climbing the ranks, becoming a respected member of the medical field. But he had aspirations for himself with no clear indication of how to attain them until the Council of Nine gave him one of the aliens that had crashed onto their shores from Terra. The red-haired beauty assigned to him might be the key to opening doors... doors he didn't know existed. But until he attained his career goals he'd train his ward--and pet-- along with Ganza, the nurse,

and his assistant, Billex. Blythe's biting had been a nuisance in detention, but Xan knew how to treat a human whose only form of communication seemed to be biting, like an animal. He'd cure her of the vile behavior (and others, as well) no matter what harsh methods it took. Though she was a grown woman, Blythe found herself held captive as a ward and pet in a household reminiscent of Victorian Earth. Under the authority of a very large, stern Pra'kirian - and one who expected complete and abject obedience she feared she had little hope of mercy. But if she obeyed her stern captor, could she find contentment - and perhaps even happiness? SHE SURVIVED THE CRASH... THEY'LL MAKE HER WISH SHE HADN'T

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-

three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber ' s son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “ unstuck in time. ” An instant bestseller, Slaughterhouse-Five made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut ' s writing—the political

edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O' Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as “the kind of writer who made people—young people especially—want to write.” George Saunders has declared Vonnegut to be “the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of

compassionate thinking that might yet save us from ourselves.” Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era ' s uncertainties. “ Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement. ” —The Boston Globe
