In this volume the author then GOC, Indian Peacekeeping Force (IPKF) gives a first hand account of the initial induction and operations of the IPKF in Sri Lanka. He describes the trials and tribulations of the IPKF as it grappled with an operational situation inexorably tangled with politics. The book gives an insight into how inadequately prepared the IPKF was for the task set out for it and explains how difficult it was to fight the LTTE guerrilla, especially when the Indian government itself was not clear about its political and military aims. It highlights the operations of the IPKF in Sri Lanka and attempts to set the record straight on a number of key issues, including the surrender of arms by the LTTE, and the famous 'boat tragedy'. The IPKF went in as peacekeepers, with the responsibility to disarm the LTTE, if necessary by force, and maintain law and order. But clear-cut orders regarding possible IPKF action against the LTTE was never issued. Therefore, when the time came to fight the LTTE the IPKF found itself at a disadvantage. This compelling narrative is an important addition to the extensive literature on the IPKF in Sri Lanka.

Analysing policy documents from nine counterinsurgency wars, Elias asks why powerful militaries have difficulty managing local partners. Revealing a critical political dynamic in military interventions, this book will appeal to academics and policymakers addressing counterinsurgency issues in foreign policy, security studies and political science.

Have we reached an end to the era of peaceful third party intervention in conflict management and resolution? In the 1990s, with the ending of the Cold War, the intervention of third parties as a non-violent means of negotiating settlements of intra-state conflicts gained prominence but the emphasis in the twenty-first century has been increasingly on military responses. Peaceful Intervention in Intra-State Conflicts: Norwegian Involvement in the Sri Lankan Peace Process is an in-depth, impartial discussion on the background, decision making processes and procedures and related actions in the Norwegian facilitated peace process in Sri Lanka that gradually shifted towards a military solution. It provides the reader with evidence based comprehensive analysis on the attempts of peaceful third party intervention in a complex ethno-separatist intra-state conflict.

This study of Dutch and British colonial intervention on Sri Lanka in the period 1780 - 1815 provides a new over-all characterisation of the functioning and growth of the colonial state in a period of transition.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 59. Chapters: Sri Lankan Civil War, Eelam War IV, Eastern Theater of Eelam War IV, Jaffna University Helidrop, 1962 Ceylonese coup d'etat attempt, Battle of Gannoruwa, Indo-Sri Lanka Accord, Battle of Vijithapura, Operation Balavegaya, Operation Poomalai, Indian intervention in the Sri Lankan Civil War, Matale Rebellion, 1971 JVP Insurrection, Eelam War III, Vadamarachchi Operation, History of the Sri Lanka Air Force, Ten Giant Warriors, Operation Eagle, 1966 alleged Ceylonese coup d'etat attempt, Uva Rebellion, First Battle of Elephant Pass, History of the Sri Lanka Navy, List of aircraft of the SLAF, Lascarins, Battle of Randeniwela, Kokkilai offensive, List of ships of the Sri Lanka Navy, Operation Sea Breeze, Operation Thrividha Balaya. Excerpt: The Sri Lankan Civil War was a conflict fought on the island of Sri Lanka. Beginning on July 23, 1983, there was an on-and-off insurgency against the government by the Liberation Tigers of Tamil Eelam (the LTTE, also known as the Tamil Tigers and other few rebel groups), a separatist militant organization which fought to create an independent Tamil state named Tamil Eelam in the north and the east of the island. After a 26 year long military campaign, the Sri Lankan military defeated the Tamil Tigers in May 2009. For over 25 years, this civil war caused significant hardships for the population, environment and the economy of the country, with an estimated 80,000-100,000 people killed during its course. The tactics employed by the Liberation Tigers of Tamil Eelam resulted in their being branded as a terrorist organization in 32 countries, including the United States, India, Australia, Canada and the member nations of the European Union. The Sri Lankan government forces have also been accused of human rights abuses. After two decades of fighting and four failed attempts at peace...

Ismail demonstrates that the problems in Sri Lanka raise fundamental concerns regarding the relationship between democracies and minorities. He redefines the concept of minority, not as numerical insignificance, but as conceptual space where distinction without domination can be achieved.

Examines how, when, and whether secessionist movements become secessionist wars, and asks whether secessionist wars increase the risk of international military intervention.
