Son of Old Man Hat is the autobiography of a Navaho Indian from childhood to maturity. With a simplicity as disarming as it is frank, it tells of his birth in the spring "when the cottonwood leaves were about the size of my thumbnail," of how he first shared family tasks by guarding the sheep near the hogan, of his sexual awakening. As he grows older, into the story come accounts of life in the open, of nomadic cattle-raising, farming, trading, communal enterprises, tribal dances and ceremonies, love-making and marriage. Free though it is, it is a life founded upon principle: as Son of Old Man Hat grows in understanding as well as in stature, the accumulated wisdom of his race is made known to him. He learns the necessity of honesty, foresightedness, self-discipline. The style in which the narrative is clothed is almost biblical in its rhythms; but biblical, too, in many respects, is the "savage" way of life which it recounts.

Beginning with the ancient practice of bartering, the Cat explains various forms of money used in different cultures, from shells, feathers, leather, and jade to metal ingots to coins (including the smallest—the BB-like Indian fanam—and the largest—the 8-foot-wide, ship-sinking limestone ones from the Islands of Yap!), to the current king of currency, paper. Also included is a look at banking, from the use of temples as the first banks to the concept of gaining or paying interest, and a step-by-step guide to minting coins. A fascinating introduction is bound to change young reader ' s appreciation for change!

Each animal says no, some more elaborately than others. Told completely in dialogue, this delicious take on the classic repetitive tale plays out in sly illustrations laced with visual humor-- and winks at the reader with a wry irreverence that will have kids of all ages thrilled to be in on the joke.

'It's a cliché to compare novelists to Jane Austen, but in the case of Jane Gardam it happens to be true.
