Rated 5 out of 5 by bcalo56 from Perfect fit! Lasts for years! I bought these years ago. They fit perfectly (remember the cover has to wrap around the whole book, so include the width of the front cover, the spine and the back cover when determining size of the cover. I see some one-star reviews and it looks like they all made this mistake) and have performed flawlessly for years.

Armpit and X-Ray are living in Austin, Texas. It is three years since they left the confines of Camp Green Lake Detention Centre and Armpit is taking small steps to turn his life around. He is working for a landscape gardener because he is good at digging holes, he is going to school and he is enjoying his first proper romance, but is he going to be able to stay out of trouble when there is so much building up against him? In this exciting novel, Armpit is joined by many vibrant new characters, and is learning what it takes to stay on course, and that doing the right thing is never the wrong choice.

New York Times best seller Ever since Gabrielle Stanley Blair became a parent, she 's believed that a thoughtfully designed home is one of the greatest gifts we can give our families, and that the objects and decor we choose to surround ourselves with tell our family 's story. In this, her first book, Blair offers a room-by-room guide to keeping things sane, organized, creative, and stylish. She provides advice on getting the most out of even the smallest spaces; simple fixes that make it easy for little ones to help out around the house; ingenious storage solutions for the never-ending stream of kid stuff; rainy-day DIY projects; and much, much more.

The #1 New York Times bestseller. Over 2 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving—every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy) • overcome a lack of motivation and willpower. • design your environment to make success easier. • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits—whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Mean Girls meets Life of Pi in this darkly humorous, compulsively readable teen novel that 's perfect for fans of Libba Bray and Andrew Smith. A hilariously dark and twisted story that sparkles with a remarkably fresh voice, The Lifeboat Clique is Kathy Parks's irreverent yet insightful novel about how to survive in the most unthinkable circumstances. Some people might say that Denver has a death wish. Why else would she dare to sneak into a Malibu beach party where she 'd be surrounded by enemies? Oh yeah. Croix. Denver never thought in a million years he 'd ask her out, but who is she to question this miracle of fate? Well, that isn 't the only surprise fate has in store. During the party a tsunami hits the coast of California, and Denver and a handful of others escape death and are swept out to sea. Of course, one of her fellow castaways is none other than her ex-BFF, Abigail, who can barely stand the sight of her. Trapped on a small boat with the most popular kids in school and waiting to be rescued, Denver wonders what might kill her first—dehydration, sunstroke, or the girl she used to think of as a sister?

Urging scientists to speak up and be heard in current debates, Cornelia Dean offers advice on public speaking, media relations and popular science writing.

A fun and fascinating way to learn about the book of Revelation. The Bible 's final book, Revelation, can seem intimidating or downright impossible to comprehend, even for serious students of the Scriptures. Filled with complex imagery, vivid depictions of violence, and challenging spiritual references, Revelation is often set aside by readers in favor of more straightforward, easier-to-digest biblical material. Yet the capstone of the canon need not remain a mystery. In this refreshingly accessible book, Bible scholar and best-selling author Tim LaHaye (originator of the Left Behind series) and renowned puzzle master Timothy E. Parker (editor of the USA Today Crossword, and founder of The Universal Crossword, King James Games, and Master Puzzles) demystify Revelation for your benefit. Absorb this book and discover afresh—or for the first time—the richness of Revelation and its God-breathed, life-changing power to deepen your walk of faith.
