In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL. "

Strategic communication comprises different forms of goal-oriented communication inside and between organizations, their stakeholders and the society. Strategic communication is an emerging practice and research field integrating established disciplines such as public relations, organizational communication and marketing communication into a holistic framework. The field is based on an awareness of the fundamental importance of communication for the existence and performance of all organizations. This textbook offers a broad insight into the field of strategic communication. The main aim of the book is to give a general overview of theories, concepts and methods in strategic communication. The book also aims to develop an understanding of different perspectives and the consequences each one has for practice. After reading the book the student or reader will be able to define and reflect upon strategic communication as an academic field and professional practice, describe relevant theories and apply these to communication problems. The authors apply a reflective and practice-oriented approach meaning earlier research or theories are

Download Free Strategic Communication In Business And The Professions 6th Edition

not only described, but also discussed from different critical perspectives. A practice-oriented approach means, in this book, that the authors strongly emphasize the role of contexts and situations—where strategic communication actually happens. This book will help business and communications students to not only define and understand a variety of strategic communications theories, but to use those theories to generate communication strategy and solutions.

Strategic Communication at Work provides the reader with a practical approach to engaging in all types of communication—one-on-one, small group, and large group—to achieve intended results. The framework presented enables readers to make informed decisions that increase the effectiveness of their communication and enhance their credibility. Lennard presents the IMPACT Paradigm—Intending, Messaging, Presence, Attending, Connecting, and Together—in the first part of the book explaining the benefits of using a single framework for all strategic communication. The second part illustrates how to apply these principles and approach interactions with a purposeful mindset, express ideas congruently, and connect with others. The third part offers curated exercises for practicing communication skills, along with specific ways to integrate the paradigm into everyday communication interactions. The text's clear and practical approach will appeal to graduate students of business communication, as well as instructors and professionals interested in improving their communication skills.

Download Free Strategic Communication In Business And The Professions 6th Edition

Designed for introductory business and organizational communication classes, this successful, multi-edition book focuses on helping the reader to master the four essential elements of effective communication--setting goals, knowing the audience, mastering skills, and managing anxiety. The Sixth Edition addresses current challenges to business communication created by advances in new technology, the global marketplace, shifting communication priorities, and diversity within the workforce.

Designed to support the paradigm shift in media and communication, this book presents the basic tenets of strategic communication and its foundational disciplines of advertising, public relations, and marketing communications. Drawing on the latest research in the field, the text introduces students to the theories of strategic communication while at the same time outlining how to apply them to everyday practice. To facilitate learning and tie concepts to practice, each chapter includes introductory focus questions, a contemporary global case study, a career profile of a current practitioner, end-of-chapter discussion questions, and features that highlight how research methods can be applied to strategic communication practice. Principles of Strategic Communication is ideal as a core text for undergraduate students in strategic communication courses within media, communication, marketing, and advertising programs. The accompanying online support material features chapter summaries, useful links to examples of strategic communication in action, suggested further reading, and practice test questions.

Strategic Communication: Principles and Practice guides students through the principles for planning, writing, and implementing strategic communication plans. It approaches strategic communication from how an organisation communicates across organisational endeavours. The emphasis is on the strategic application of communication and how an organisation functions to advance its mission.
